For three years Raza has been stuck inside the Dragon's Den, a military training facility hidden on the icy and isolated world of T'Panabar. There he serves as master of martial arts, counting the days until he can return home. When his father Zara arrives escorting Kareez, a pretty young woman from a powerful political family, Raza learns the visit is a ruse. There is trouble brewing between political and military circles. Zara's real task is to help Raza find proof of an illegal mining operation. With treachery afoot at every turn and Kareez a constant distraction, Raza must deal with the powerful Eshkalle dragons incarnate, of which he is one.
